January 2025

Dear Friends of CIS,

“Ringing in the New Year” by Rev. Christine Emmerling D.D.

Happy New Year 2025! 2024 was promised to be a year of great change. I must agree with what has happened in my life so far this year, and for Community of Infinite Spirit. Change is inevitable and how we judge it is up to us. Even if it appears at first negative, there is a silver lining, a rainbow to come with a greater good. So much transpires behind the scene, so to speak, where all creation begins. Its in the invisible realm of Universal Mind – Infinite Spirit.

Nona Brooks would say to look past the appearance to the Divine Presence of God. This Presence of God is the Truth and Principle foundation of all creation. If seen is a sick body, then regardless of the appearance, we look past it knowing the absolute truth of the person as a spiritual being that is perfect, whole and complete in God. Regardless of the condition or appearance acknowledge that the Presence of God is here now. Divine Presence is the very source and life of this spiritual being, and is eternally so.

Many people have a concern in regards to finances, money and their security. This is especially so whenever we have a change in the balance of power on the worldly scene. We are reminded that the only true power is of God, is Love. Fear and lack are not based in God’s Law, and therefore have no true power of their own. Their only power is the power we give to it by our beliefs and our fear. We affirm the truth of God as unlimited abundance, and that the only true power is unconditional compassionate love. Therefore, I open myself to being a giver and a receiver, a channel for God’s abundance to flow through, and what goes out must return in kind. Whatever it is that appears in need, I am that channel. I am a channel of love, of goodness, of prosperity, of health, of wisdom, of joy. The return will come, but it is not for us to decide where it comes from, we are to be just open channels to receive – the giver is always God as well as the receiver.

According to sacred numbers in the science of numerology 2025 is a 9 universal year, meaning its vibrational influence is felt on a global scale. It’s an end to a 9-year cycle and preparing for a new cycle to begin. We can look back to what began 9 years ago to be coming to a conclusion in 2025. The nine is about brotherhood, compassionate humanitarian, spirituality, release and forgiveness. We have a choice in how we handle things. We can be cooperative, helpful, discerning, peaceful, forgiving, open minded and receptive or we can be the opposite. Again, we are promised more change. I choose to see this as a year when we unify as a country and world; we embrace the changes that enhance our earth and people’s lives; on a global scale people awaken spiritually. John 4:35-38 “Do you not say, ‘There are still four months until the harvest’? I tell you, lift up your eyes and look at the fields, for they are ripe for harvest.” The harvest is ready to take our bountiful crop forward in our lives and leave the unwanted weeds behind us.

Affirm: I release what no longer serves me, and embrace the blessings that come to fill the void.
